Blank Logic Model – for download

Audience: All stakeholders

Purpose: To provide a template for stakeholders to develop logic models tailored to their unique needs and programs

Considerations for use:

- See *Introduction to logic models* for detailed instruction on the use of logic models in general and in the *Achieving Diversity, Inclusion, and Equity in Clinical Research Guidance Document*.

- The set of logic models provided within the document (with defined scope and audience) can be used as a reference in developing organizationally-tailored logic models using this template.
